1. Go to the following URL and click **[Forgot password?]** on the login page:

<https://edu.omnicamp.us/>

2. On the **[Forgot your password?]** page, enter the email address you used when applying in the input form and click “Continue.”

Note: Registration cannot be completed with any email address other than the one used at the time of application.

Initial Setup for Omnicampus

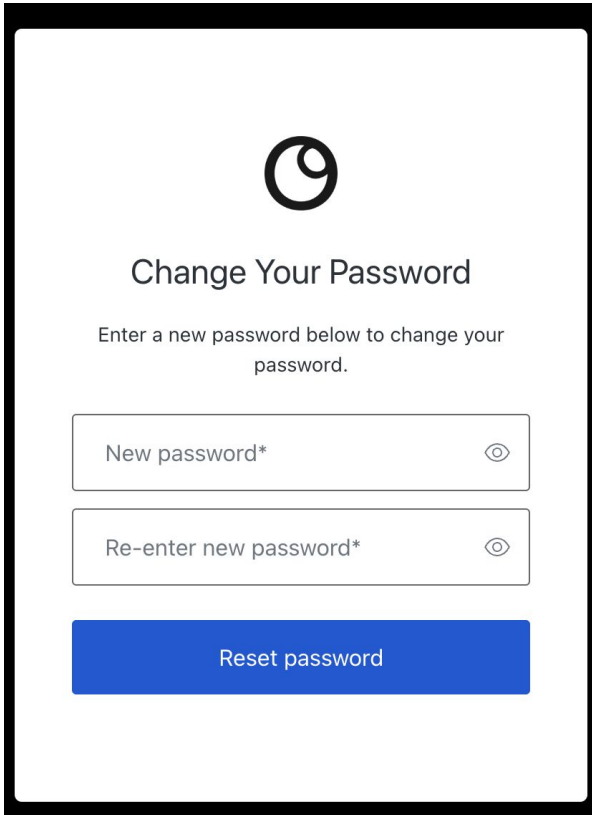

3.The **[Check your email]** page will appear, and an email with instructions to reset your password will be sent.

Please note that it may take a few moments for the email to arrive.

4.Check your email inbox and click the **"Confirm"** button in the message you receive.

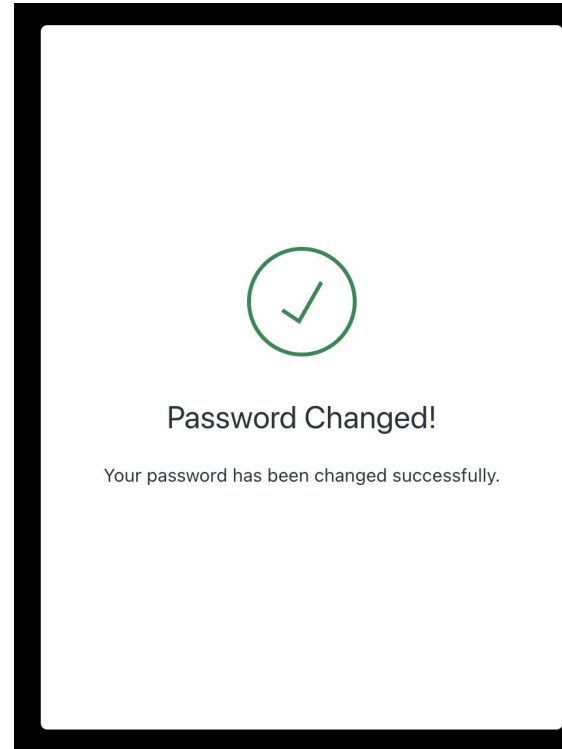

Also check your spam/junk folder. We recommend adjusting your settings to ensure future emails are not directed to the spam folder.

Initial Setup for Omnicampus

The screen displays a circular icon with a lowercase 'c' inside. Below the icon is the title "Change Your Password". Underneath the title is a subtitle: "Enter a new password below to change your password." There are two input fields: the first is labeled "New password*" and the second is labeled "Re-enter new password*", both with eye icons for password visibility. At the bottom is a blue button labeled "Reset password".

5. On the **[Change Your Password]** screen, enter your **New password** and click **[Reset password]**.

6. Once the reset is complete, confirm that the **[Password changed!]** screen is displayed, then close the window.

Initial Setup for Omnicampus

7. Please visit <https://edu.omnicamp.us/en> again and log in using the password you just set.

8. Immediately after logging in, you will be asked to enter your account name. Please create and register your account name.

Once this step is completed, the initial setup process will be finished.

The screenshot shows the 'Omnicampus' header with a user icon. Below it is the 'Account Name Setting' section. A light blue box contains instructions: 'When using Omnicampus, we ask you to set your account name. This name will be displayed in Slack and leaderboard rankings. Please refrain from using symbols like `@` and `\$` in half-width alphanumeric characters (uppercase and lowercase are available). Please set it between 8 and 16 characters.' Below this is a text input field with the placeholder 'Please enter the account name you want to use.' and a blue 'Check Availability' button. A red rectangle highlights the input field and the button.

*Please enter your name **without any spaces**. Entering spaces will cause an error, so please be careful.

How to Change Language, Account name, or email address

The screenshot shows the Omnicampus user interface. At the top, a dark blue header contains the 'Omnicampus' logo on the left and a user profile icon (a red circle with 'KI') on the right. A red rectangular box highlights the user menu that appears when the icon is clicked, showing 'Profile' and 'Logout' options. Below the header, the 'Profile' page is displayed. It includes several input fields for user information: 'Language' (set to English), 'Account ID' (72700), 'Account Name' (Kinotai1), 'Family Name' (Kinoshita), 'Given Name' (Taisuke), and 'Gmail' (kinotai0422@gmail.com). Each field is accompanied by a brief instruction on how to use the information for support. At the bottom, there is a 'Show Icon' toggle switch and a 'Top' button.

If you would like to change your Omnicampus **language, account name, or email address**, click the icon at the top right and select **[Profile]**. On the page that appears, update the settings as needed.
